NEW WAGE SCALE FOR COUNTY HELP

Assemblyman Brown Proposes Many Changes in Salary List of County Officers

A copy of Assemblyman Brown's new salary bill affecting all the county officials, was received at the county clerk's office this week.

The salary of the county clerk is fixed at $3000 a year and he is allowed a chief deputy at $1800 a year, another deputy at $1500 per year and a stenographer at $1200 a year, and ten cents per name for registering voters. The clerk may appoint an additional deputy at a salary of $75 per month for four months during an election year. On and after January 1, 1919, all fees and commissionns of the clerk shall be paid into the county treasury.

The salary of the sheriff is fixed at $4000 per year and he is allowed one chief deputy at $1800 and two deputies at $1200 each. Under the bill all fees received in the sheriff's office must be paid into the county treasury and the daily allowance for the feeding of prisoners is reduced from 50 to 37½ cents.

The only present change in the recorder's office is that one of his deputies is raised from $800 to $1200 per year. In 1919 the recorder's salary will drop from$3,500 to $3,000.

The bill overlooks the overworked aduitor, but raises the salary of his deputy from $900 to $1000 per year. The auditor's salary remains at $1800.

The treasurer's salary is fixed at $3000 and he is allowed a deputy at $1000 a year.

The tax collector is allowed a salary of $3500 a year until January 6, 1919. After that date he will receive a $3000 wage. He is allowed one deputy at $900 and one indexer at $75 per month. During four months of each year two additional deputies are allowed instead of one.

The $4000 salary of the assessor also suffers a $500 cut early in 1919. The office is to be allowed a chief deputy at $1200, an office deputy for a period of five months in each year at a wage of $2 per day, and he may employ such other clerical help as necessary at a cost not to exceed $2000 per year. Under the provisions of the law the assessor loses all commissions, fees, etc., of his office.

The district attorney's salary is fixed at $3000 and he is allowed a deputy district attorney at $1200 and a stenographer at $900.

The pay of the superintendent of schools is fixed at $2500 and he gets a deputy at $900.

The surveyor's wages are fixed at $2500 and actual expenses. He gets a deputy at $1500.

The provision dealing with justices of the peace fixes the salaries in townships having a population of 3500 or more at $120 per month. Between 1500 and 3500 the salary is to be $75. Justices in townships with a population of less than 1500 are to receive $50 per month.

A population scale similar to the one prepared for justices of the peace is arranged for constables. The highest salary is fixed at $90, the lowest at $40.

The pay of each supervisor is raised from $1200 to $1500 per annum with an additional allowance of 20 cents per mile for road inspection.

Grand jurors and trial jurors are to be paid at the rate of $3 per day while on duty and 25 cents a mile for traveling expenses.

SAN MATEO COUNTY'S GREAT EXHIBIT AT EXPOSITION

San Mateo county will offer the largest exhibit for the inspection of visitors to the Panama-Pacific Exposition. It will cover a space of 447 square miles. In other words it will consist of the county itself. It is proposed to run a line of busses from a central point in San Francisco to Redwood City, passing en route South City, Colma, Easton, Burlingame, San Mateo, Hillsborough and Belmont, and also taking in the foothills, several of the coast cities and the beautiful mountain and valley districts. This trip will be made possible through an arrangement to be made with the Peninsula Rapid Transit Company, which is soon to have its bus line in operation.

While all the details of the plan have not yet been worked out, it is believed that it will be possible to thus bring to the county as sightseers and prospective settlers only those really interested.

Mrs. David E. Graham who takes a deep interest in the little folks, has the greatest kind of a treat in store for all the "kiddies" who took part in the Horace Hawes gymnasium Christmas festival. Just as soon as the rain stops and the sun comes out strong enough to dry the ground, she is going to take her little assistants on a picnic up in the hills.

A marriage license was issued in San Jose Monday to Percy Newell and Carmalita Osorio, both well known young residents of this city.

The deceased is survived by his wife and one sister and two brothers. He was a native of San Francisco, aged 45 years. His body was taken to San Francisco for burial. For many years McQueeny was employed as a government electrician in the Ferry building. He was well thought of.

The passing away of Billy Hynes, the Public Administrator in San Francisco last Saturday has caused the deepest regret in this city where the deceased was well known. His appearance at public entertainments here will long be remembered..

GOOD SUGGESTION TO REDWOOD CITY PEOPLE

It is surprising the amount of old, foul matter the simple mixture of buckthorn bark, glycerine, etc., known as Adler-i-ka, drains from the system. This remedy became famous by curing appendecitis and acts on BOTH the upper and lower bowel so thoroughly that ONE DOSE relieves sour stomach, gas on the stomach and constipation almost IMMEDIATELY. We are mighty glad we are Redwood City agents for Adler-i-ka.

CITY OFFICIAL PAPER

D. E. O'KEEFE, Editor and Proprietor

J. V. SWIFT NEW POSTMASTER.

The name of James V. Swift, editor of the Redwood City Democrat, was on last Wednesday sent to the Senate by President Wilson for confirmation as postmaster at Redwood City. Mr. Swift takes the place of W. A. Price, whose term of office expires on Monday next. Mr. Swift is arranging his affairs and preparing his bond so as to be able to assume the duties of the position on March first. The new postmaster will make no change in the personnel of the office.

Mr. Swift has been a wheel horse in the Democratic party of the county for a number of years, always to the fore in battling for its success and rendering invaluable services at all times. In lean years and in years of victory he was always steadfast in his Democratic faith. Mr. Swift's past services to his party certainly entitle him to recognition and he richly deserves the reward he has received in the way of the postmastership. It is refreshing to see an editor so recognized, for frequently newspaper men, who have to bear the brunt of a political battle, have to step aside for some one who has contributed no service to the victorious party. The Time-Gazette congratulates Mr. Swift on his appointment and bespeaks success for his administration.

NOT A CREDITABLE ACTION.

It is not to the credit of the legal authorities, and we might include the medical profession, of Palo Alto, as they read from day to day as published in their own and the press of the state the pitiful condition of one of their residents who, suffering from some physical or mental malady, probably both, nearly two months ago chose a lingering death by starvation and still lives to advertise to the world that in a civilized and cultured community within the shadow of a large university, no effort, at least no rational effort, has been made to save the life of this man. If he had chosen to end his existence by what is termed the "gas route" and that fact were discovered before he succeeded no effort would be spared to rescue him and the very latest appliances used if a spark of life remained.

There appears to be no lack of persons to furnish daily bulletins and photographs of the now apparently dying man. These are furnished to the press at regular periods as if to parade this grewsome affair in all its details. We are further informed that his scant supply of blood is being drawn on to furnish the chemistry department of the University with samples thereof. We make no complaint as to scientific reserches along these lines when conducted for the benefit of humanity. We are in this instance convinced that it would be far more to the credit of the institution and embryo scientist if they would confine their efforts along scientific lines to building up this poor weak mortal instead of robbing him of the ebbing vitality that yet remains, merely to demonstrate that in this age of the world in a Christian community a fellow being is permitted to die a lingering death without an effort being made to save his life for no other reason apparent than a willingness by all concerned to sacrefice human life for advertising pursoses.

A ONESIDED GAME.

Assembly bill No. 920 was received here yesterday. The act provides the procedure for the annexing or consolidation of portions or all of San Mateo county to San Francisco. The bill provides generally that the Board of Supervisors of San Francisco county, can, by resolution of said board order an election in any incorporated city or unincorporated territory in this county, or an election in the whole of San Mateo county, to determine whether or not San Mateo county or a portion of it shall be annexed to San Francisco. The consent of the majority of the people of this county being necessary to annex any portion of said county, and the consent of a majority of the people in the territory or incorporated city proposed to be annexed. Not only does the act give the supervisors of San Francisco the right of calling an election, but gives that board the exclusive right to appoint all the election officers, and designate the polling places for said election in this county and to cavass the votes, and to certify to the result of the election. The supervisors of San Mateo county have nothing to say with calling the election or canvassing the returns. It does not provide that the people of San Mateo county or the board of supervisors can take the initiative for annexation but such initiative must be taken by the supervisors of San Francisco county only. Upon the completion of such annexation all persons then occupying or possessing the several offices of or under the government of any such county, incorporated city, city and county, or or town, or unincorporated territory so annexed, shall immediately quit and surrender the occupancy or possession of said office, which shall thereupon cease and terminate and then shall severally forthwith deliver all money, funds, books, papers, archives and records in their custody and all other property of such county, incorporated city, city and county or town, or unincorporated territory in their hands or under their control, to the proper officers of such annexing city and county.

This bill is unnjust, and unfair, and is nothing short of an attempt to steal this county, and annex it to San Francisco. It behooves the people to be up and doing, and study the terms of the act. It interests everybody in the county, and all should read Assembly Bill 920. This proposed measure may be had by writing Assemblyman Henry Ward Brown. The act will come up for hearing at the next session of the Legislature.

LOCAL FAIR COMMISSIONERS ARRANGE FLORAL EXHIBIT

The Fair Commissioners for San Mateo county have secured space in the Horticultural Palace for the purpose of enabling floral exhibits for prizes. Prizes will be awarded for the best displays. THE EXPOSITION OR JEWELED CITY.

BY GEO. W. EIKERENKOTTER.

Come to the Jeweled City and join the people there,
And view the great exhibits of the world's most famous Fair,
The fair it is beautiful tell all your good kind friends.

Chorus.

Take home the Golden Poppy the floral emblem of our State,
Come and nestle with our people and do no longer wait.
The flower it is beautiful, the prettiest ever seen,
Its cup is full of welcome, its leaves are nice and green.

You will find the people happy, your cares they'll be few,
We will try hard to entertain you, and everything we will do,
We will make you feel like stopping in this good old State so fine,
We will take you out to banquets where the best of people dine.

Chorus.

I am sure when on this visit to this great and glorious Fair,
Reviewing nature's wonders you will have no time to spare,
Take home our welcome, people, from this great glorious State,
And don't forget the Floral City, 'Frisco, at the Golden Gate.

Chorus.

REDWOOD CITY WILL BE AT THE BIG EXPOSITION.

Redwood City will be in evidence when the big fair opens in San Francisco on the 20th instant, and again on the 25th, the day that has been set apart for the county celebration.

Tuesday night the Board of Trade devoted a special session to a discussion of the matter, and there was no lack of interest shown.

It was decided to take part in the opening-day parade, and to march in a body headed by President Chilcott of the Board of Trade. Everybody will be expected to wear an exposition badge which entitles the wearer to admission to the fair. These badges will shortly be on sale in this city.

The county's day will be a holiday. The tannery will give its men a day off and the stores and schools will close so that every one may attend. H. C. Tuchsen said that the program, which will be quit elaborate, is now in course of arranggment and will shortly be published. It is expected that every local resident will be present and help make the day a memorable one.

A parade will take place within the grounds of which moving pictures will be taken, which will be shown throughout the east. From this source alone Redwood City will get some of the most valuable advertising.

A message was received from the Woman's Club, asking the board to co-operate in the entertainment of a party of 150 Cincinnati merchants, who are scheduled to pass through this city on May 8th, the date of the annual May carnival, on their way to the exposition.

It was the sense of the members that the merchants join with the ladies in entertaining the visitors.

The Atlas Welding Works of Rahway, New Jersey, sent a communication, asking if a site would be donated for a factory in this city. The secretary was directed to assure the company that every assistance would be given it.

Church Workers Active.

This week has been Christian Endeavor week for the yourg people of the Congregational church. Beginning with Sunday they had several endeavorers from San Jose who conducted the regular church service. On Tuesday evening a social was held, Thursday was praise service night and yesterday and evening Paul Brown endeavor evangelist for the State of California, was present and helped to inspire the young people. The activities of the week were under the direction of Earl Eikerenkotter and were successful in every sense of the word.

Jasper Paulsen of Palo Alto is the owner of a horse which resembles an elephant more than an equine. The animal came into this city yesterday billed to Tom Flynn's livery stable. STRONG PRESENTATION OF RATE REVISION ARGUMENT

When the special hearing was on last week before Commissioner Edgerton, Edgar C. Humphrey of Menlo Park made the following presentation which ought to and probably will, produce results. The railroad expert admitted that a three-cent rate for single fares was a just one, and now that it has been brought out so plainly we may expect a local single fare of ten cents between Redwood and Menlo Park.

This commission, about a year ago, sanctioned a peninsula schedule of fares, increasing the commutation rate between Menlo Park and San Francisco, from 41-100 of a cent per mile, (a rate prevailing for more than twenty-five years) to a rate of 49-100 of a cent per mile, a flat increase of 9 4-10 per cent.

In making this order, this commission may have acted without a presentation of all the facts having been furnished in time for consideration in detail, and at the same time may possibly have been deceived, because at that time there was loud acclaim through the news papers, seconded by specially selected representatives appearing before and advising with this commission, announcing that the rates were being reduced.

At this hearing, if this commission has any notion of making a a re-adjustment of the peninsula schedule, it might be well that a full and true comparison be made between existing and former rates.

Should a new or revised schedule be ordered, then I would ask consideration of, and revision in charges for two classes of fares between Menlo Park and Redwood City.

In some places, some transportation companies, make concessions in fares in favor of pupils attending the public schools. For example, the United Railway's system in this city furnish pupils transportation to and from school at one-half adult rates. Between Menlo Park and Redwood City we have a condition exactly to the contrary, the pupils being charged, and having to pay a rate a trifle more than four times as much as that paid by commuters doing business in San Francisco.

The present commutation rate between Menlo Park and San Francisco is 49-100 of a cent a mile. The commutation rate for pupils between Menlo Park and Redwood City, all within the school district bounds is shown ass follows The distance between these towns is three and one-half miles. The round trip, seven miles per day, five days in the week, four weeks to the month, is a total of just one hundred forty miles, for which transportation the pupil pays $2.80 per month, a rate of two cents per mile.

If this transportation were furnished at the rate charged to regular commuters, these tickets would cost the pupils but seventy cents per month, and if furnished at rates such as are conceded by the United Railway's Company, but thirty-five cents per month, instead of the $2.80 they now have to pay.

And now, permit me to present another condition. The local single fare from Menlo Park to Redwood City, 3 1-2 miles if fifteen cents, a rate of 4 1-3 cents per mile.

The local single fare from Palo Alto to Redwood City, (passing through Menlo Park) 4 8-10 miles is fifteen cents a rate of 3.1-10 cents per mile, a discrimination against Menlo Park local travel of thirty-three and one-third per cent.

This discrimination can not be defended on the ground of a minimum charge, neither for convenience in making change, because at the same rate charged per mile to the Palo Alto travel, the fare from Menlo Park to Redwood City would be ten cents.

This for your consideration, and while leaving the Development Committee to make the appeal for such adjustments as they may desire, I earnestly urge that a just rate be ordered for the school pupils, and the local single fare between Menlo Park and Redwood City.

Men to Give Card Party.

The regular by-weekly card party of the Woman's club will take place at the club house in Redwood Highlands next Tuesday evening. The gentlemen will be the hosts and this innovation is certain to draw a big attendance. The women, who are naturally skilled hostesses, will poke fun at the awkwardness of the men in receiving the pretty maids and matrons. The receipts of the card party go to a fund to purchase card tables for the club. All are invited. Valuable prizes will be given.

JUSTICE SEELY HOLDS HORSE TRADERS TO THEIR BARGAIN

Judge Seely has rendered the following decision in the civil suit entitled, Silva against Rose. The opinion shows much thought and care in its preparation:

This is a case of two men, when according to their own testimony, have handled and been among horses for the major portion of their working existence, and, they use the term 'windbroken' in a familar way,—yet, both fail to recognize the patent defect while the afflicted animal was in their respective possessions.

The plaintiff candidly admits that prior to the consummation of the sale; that the horse in question "made a noise with his nose when trotted"—and as a matter of record, verified the same during the giving of his testimony in this cause adjudged, and to coincide with this fact, the defendant admitted on the witness stand, that the plaintiff conveyed—or rather volunteered this information to him.

This precludes defendant's theory of implied waranty—especially in view of of the fact that the frank declaration of the horse's unusual symptoms should have put the said defendant on his inquiry.

It is the opinion of this court, that the defendant got exactly what he bought, and bought exactly what he got, and the risk of fitness was his own, and as a consequence thereof there is no warranty of fitness implied from the sellers knowledge of the buyers design.

In concluding the question of warranty, the court ventures to affirm that the animal would be a "going horse" were it not for the hard and fast rules as laid down by the Humane Society in cities, when on the other hand, the same animal may preform the functions of an ordinary commonplace horse if confined to the ranch, or in fact anywhere outside of the influence and activities of the said Society.

Concerning recission, this court contends that this remedy never meant to be used as a means to revoke a valid sale such as was consummated by the parties to this action.

The buyer may return the goods, (1) where they do not answer the conditions of the contract, if this is done in a reasonable time and the seller is placed in a statu quo; (2) this right may be exercised for defeet in agreed quality of non-existing or unascertained articles, but not in the case of an existing, known and identified article. Pope v. Allis, 115U. S. 363.

The team of horses were offered as a unit, and purchased as a unit, and it mattered not if the sound animal were warth $199.00 and the unsound one $1.00, this would not justify the defendant rescinding in fractions and again in the unit, and incidentally making a new offer in an already executed contract that needed no other preformance for the completion of the whole transaction other than the payment due the seller.

Judgment. That the plaintiff recover principal and costs of suit.

G. E. SEELY.

Justice of the Peace, 3rd, Township, County of San Mateo, State of California.

Mrs. Denhardt and her sister, Mrs. Parent of San Francisco, spent the week-end with their mother here

The many friends of Mrs. P. Lenehan will be pleased to learn that she is recovering from her recent illness Last week her relatives were much alarmed by her severe illness, but she has rallied and is now rapidly improving.

Donald Derry entertained his numerous friends, both ladies and gentlemen, at a dance in Duff and Doyle hall last evening. All had a delightful time, the clever host demonstrating his keen ability in receiving his friends.

Of our Menlo residents who spent the holiday weeks in the city, several motored down through the heavy storm of last Sunday to appreciate the opportunity afforded by our perfect highway. Among these were E. J. Pringle and family and the Fred McNears.

The Neighborhood Bridge Club was entertained at the elegant home of Mrs. James Logan Thursday afternoon. Bridge and whist were played until late in the afternoon when refreshments were served. Mrs. Logan was assisted in receiving the guests by her clever and beautiful daughter-in-law, Mrs. James Logan Jr.

The people of Menlo Park will be pleased to learn that the Felton home is to be opened this summer. Mr. and Mrs. Charles N. Felton will occupy the old homestead early in spring. The home has been closed since the death of Senator Felton which occurred last September. It was thought then that it would not be opened for some years. Mrs. Felton is a charming hostess and a clever entertainer and no doubt during the year will have a number of house parties.

The big contest for the postmastership of Mountain View has been settled by the appointment of Mr. Kennedy, deputy in the county clerk's office at San Jose, and who resides at Mountain View. There were about eight applicants for the federal plum, but the most influential was Mrs. Farrell, wife of M. Farrell, a Democratic politician of Mountain View. She had the best backing but the powers that be at Washington, do not look with favor on the proposition of women holding office. They should live in California.

Samuel M. Shortridge will leave early next week for San Diego to be gone for some little time. He goes to try a big libel suit for John D. Spreckels, who is the owner of the Union and Tribune, the two largest papers in Southern California. The case promises to be one of the most sensational in the history of the state. Mr. Shortridge will be pitted against a number of the ablest lawyers in the country. That he will more than hold his own against this brilliant array of counsel is the belief of those who know Mr. Shortridge's wonderful ability and acumen as a disciple of Blackstone.

Anthony Caminetti, Commissioner of Imigration of Washington, has forwarded a notice to Postmaster Crane to the effect that farmers, orchardists and others, who are in need of help and those who are seeking work, will be supplied with blank applications by the postmaster. All applications when filled out should be folded and returned to the postmaster whereupon they will be forwarded free of charge to the proper officer of the Department of Labor. A copy of the notice has been posted in the lobby of the post office.

Miss Elena Eyre of Menlo Park passed the week-end in San Francisco, the guest of Miss Marion-Leigh Maillard at her home on Gough street.

In an entertainment given by the Woman's Club of Palo Alto last Wednesday, Miss Edna Crane established a reputation as an amateur actress. SAN GREGORIO.

After an enjoyable three-weeks' stay at the home of Mr. and Mrs. Jack Mesquite, Isabelle Johnson returned to her home the first part of the week.

Mrs. James Bell has returned to her home in Bellvale after a visit to San Francisco and Millbrae.

The home of A. Pimentel was brightened on the 6th instant by the arrival of a baby girl.

William Langley and "Bill" Carter of La Honda enjoyed a few days' recreation in our village this week.

Dr. Brady, the San Mateo veterinary, is in San Gregorio on business this week.

Mr. and Mrs. Correra are being congratulated on the arrival of a big boy, who came on Feb. 2d, to gladden their home.

Nunez and Enos of Pescadero, came to the rescue of the dairy men along the way and faced the storm with a four-horse load of cream. They made Halfmoon Bay Monday.

Seaside school opened Monday with a goodly attendance of scholars, despite the storm. Prof. Johnson was on deck early to welcome the children back to school.

Dr. Thompson of Pescadero spent a short time with us last Saturday, making professional and friendly calls.

Although the weather was far from good, a large number of young folks attended the dance in Pescadero Saturday night. They enjoyed themselves and said Stefenik's orchestra was at its best.

James Franklin Bell and Edith Emily Wilson of this place were married at San Rafael Tuesday. Many friends wish them a happy and successful future. Their home will be in San Francisco.

At the Centennial Exposition
in Philadelphia in 1876
(many of the readers of this
paper will recall it)
there appeared among the
exhibits
a little glass bulb containing
a wire which when attached to
electricity emitted light
That was the beginning of
what we know today as
electric lighting
so common in every household
everywhere
From that very small beginning
there has come development
in electric lighting
undreamed of by the inventor
of the first carbon lamp
The highest development will be
lighting of the Exposition
at San Francisco by
the multi-colored searchlights
These will be the marvel of the age

What the next Exposition will
show no one now can say

At the Exposition at St. Louis
they offered a hundred thousand
dollars to anyone in a flying
machine who would fly around
a given course
The offer was not taken—
The flying machine was such a
crude affair that no one dared
venture very far away
from the ground
The flying machine is now a
practicable working unit
of the armies of Europe

At the St. Louis Exposition
an automobile was exhibited
and it was looked upon as a
plaything for rich men
No one ever dreamed of the
practicable development of
the utilization of motive power
in that form—
for a "jitney bus" for instance

At the St. Louis Exposition
—it was only eleven years ago—
there were no moving pictures
That device had not yet been
worked out
Today moving pictures are
educating millions of people
Moving pictures will be shown in
most of the buildings at the
Panama-Pacific International
Exposition
Moving pictures will be used
to illustrate the resources—
the habits and the customs of
the peoples of the nations
strange to us
A very small percentage of the
population
up to very recent years
ever had the opportunity of
seeing the great plays presented
on the stage
They couldn't afford the money
and the greatest plays were
only presented in the big cities
Now the moving picture camera
presents the dramatization
by the foremost actors
in every village
For the small sum of two bits
you can sit in a comfortable
air cushion chair in
THE REGENT at San Mateo
where the atmosphere and the
surroundings are sanitary and
the conditions conducive to
the enjoyment of the plays
presented by these great actors
before the moving-picture
camera
There was a time when only a few
could read or write
They were mostly the priests of
the day
All others were ignorant of
everything except what they
had heard
Information was passed from
mouth to ear
Then came the transmission of
information by pictures—
then by writing and afterwards
printing by movable types
But it took hundreds of years
for the great majority of people
to be educated so that they
could enjoy what was printed
Now we go back to original things
in that we show by pictures—
which is the universal language
—the historical events which
have made for the development
of the ages and all these things
characterized by the greatest
actors before the camera
for the benefit of old and young
—and rich and poor—alike
Probably the one thing which
brings the most delight—
the most amusement—
the most pleasure—and surely
the most information to the
greatest number of people
is the photo-play
You will have the advantage of
seeing it in its highest
development under the most
favorable conditions at
THE REGENT in San Mateo
beginning on April 12th next
To assure yourself of a seat on
one of the openings nights or at
an opening matinee
you had best buy your
tickets in advance
